

# MyMoments Cloud Reference Guide

## WORKSHOP VIEW Viewing Images

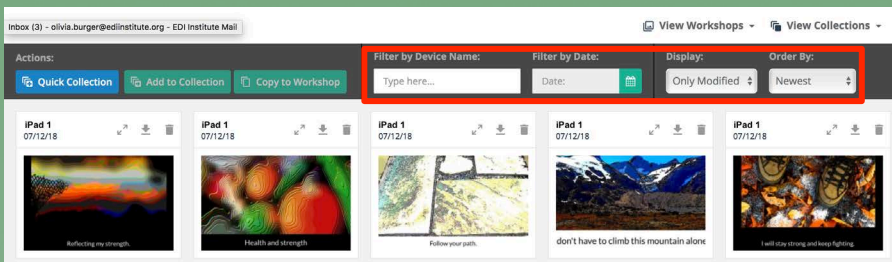

In the workshop view, you can see all of the images that have been shared to each workshop

These three icons allow you to view full screen, download, or delete each image

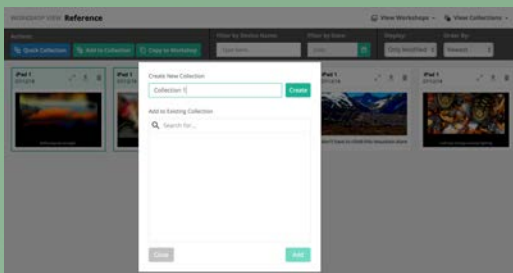

## WORKSHOP VIEW Filter, Sort, View Originals

These options allow for sorting and filtering images by device name or creation date.

You can also view original images.

## WORKSHOP VIEW Creating Collections

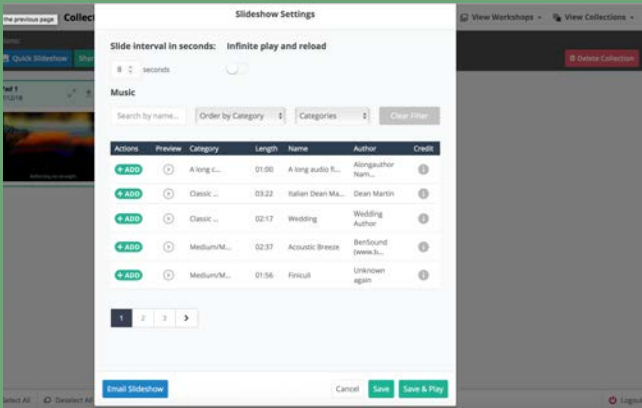

Create collections to share and print images. Select images, and click "Add to Collection"

The "Quick Collection" feature automatically creates a collection of all images shared on today's date

## COLLECTION VIEW

### Creating Slideshows

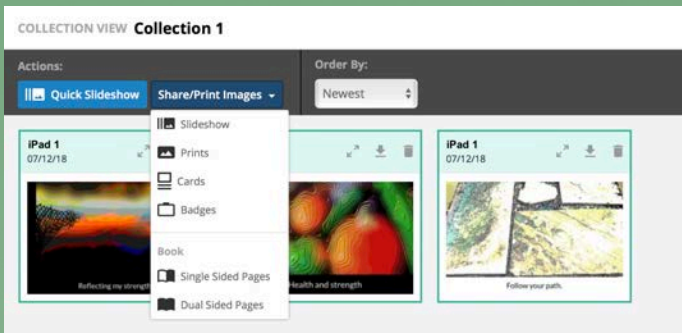

To create a slideshow, you can click “Quick Slideshow” (for default presets) or customize a slideshow by clicking “Share/Print Images” and selecting “Slideshow” You can add music, set the slide internal, and play the slideshow.

To create a video file of the slideshow, create a custom slideshow and click “Email Slideshow” It will be sent to your email.

## COLLECTION VIEW

### Create Prints

You also have the option to print the imagery in various formats. Once you select the format, you will receive an email with a link to download the PDF files.
